| ماجستير / جراحة عامة         | <b>Complications Following Surgery for Abdominal wall Hernias in Baquba Teaching Hospital</b>                                                   |     |
| دبلوم عالي / طب باطني/ قلبية | <b>Mineral Derangement and Bone Diseases in Uremic patients on Haemodialysis in Ibn –Sina Haemodialysis Center Diyala</b>                       | -12 |
| دبلوم عالي / طب باطني/ قلبية | <b>Echocardiographic Assessment of left Ventricular Function Among Patients Admitted to Ibn Sina dialysis center in Diyala</b>                  | -13 |
| دبلوم عالي / طب باطني/ قلبية | <b>LOW DENSITY LIPOPROTEIN RECEPTOR RELATED PROTEIN 6 AND CORONARY ARTERY DISEASE PROVED BY CORONARY ANGIOGRAPHY</b>                            | -14 |
| ماجستير / جراحة عامة         | <b>A review of indications of thyroid surgery in Baquba teaching hospital</b>                                                                   | -15 |
| دبلوم عالي /طب اسرة          | <b>Epidemiological Study of Breast Tumor Among Women Consulting Breast Clinic in Baquba teaching hospital</b>                                   | -16 |
| دبلوم عالي /طب اسرة          | <b>SEASONAL DISTRIBUTION OF MYOCARDIAL INFARCTION AND RELATION TO EPIDEMIOLOGICAL VARIABLE IN BAQUBAH TEACHING HOSPITAL</b>                     | -17 |
| دبلوم عالي / طب الاسرة       | <b>Mortality Rate and causes of Death in Cases Admitted to Respiratory care Unit in Baquba teaching Hospital</b>                                | -18 |
| دبلوم عالي / طب الاسرة       | <b>Epidemiological Study of Burn Patients Admitted to the Burn Unit in Baqubah Teaching Hospital in Diyala Governorate</b>                      | -19 |
| دبلوم عالي /طب الاسرة        | <b>Association Between Toxoplasmosis ,Rubella, Cytomegalovirus Infection and different socio-demographic factors with recurrent miscarriage</b> | -20 |
| دبلوم عالي /طب الاسرة        | <b>Causes of Infertility Among Patients Attending Infertility unit in Al-Batool TEACHING Hospital in Baqubah City</b>                           | -21 |
| دبلوم عالي /طب الاسرة        | <b>OCCUPATIONAL STRESS AMONG NURSES in AL- BATOOL AND BAQUBAH TEACHING HOSPITALS</b>                                                            | -22 |
| دبلوم عالي / طب الاسرة       | <b>Health Effects of Mobile Phone Use among Medical Students in Diyala Medical college</b>                                                      | -23 |

|                             |                                                                                                                                                      |     |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| دبلوم عالي / طب الاسرة      | Glucose-6- phosphate Dehydrogenase Deficiency among Neonate with Jaundice in Diyala Province                                                         | -24 |
| دبلوم عالي / طب الاسرة      | An Epidemiological Study of Skin Diseases among Internally Displaced Persons in Diyala Province                                                      | -25 |
| دبلوم عالي / طب الاسرة      | Congenital Anomalies among Newborns in Diyala Province                                                                                               | -26 |
| دبلوم عالي / طب الاسرة      | Low Back Pain among Hospital Workers in the Operative Theaters                                                                                       | -27 |
| دبلوم عالي / طب الاسرة      | Epidemiology of Tuberculosis and its Relationship with Blood groups, Hypertention and Diabetes Mellitus in Diyala Province                           | -28 |
| دبلوم عالي / طب الاسرة      | The Epidemiology of Road Traffic Accident in Baquba Teaching Hospital                                                                                | -29 |
| دبلوم عالي / طب الاسرة      | Socio-demographic Characteristic and Causes of Delivery by Cesarean Section in Diyala Province                                                       | -30 |
| دبلوم عالي / طب الاسرة      | Causes of Neonatal Admission to Neonatal Care Unit in Diyala Province                                                                                | -31 |
| دبلوم عالي / طب الاسرة      | Needs of Internally Displaced Women and Children in Diyala Province                                                                                  | -32 |
| ماجستير / احياء مجهرية طبية | Detection of Molecular Genetic Variation of Candida Albicans in Diyala Governorate                                                                   | -33 |
| ماجستير / احياء مجهرية طبية | Rate of HDV Infection among HBsAg positive Blood Donors and patients with Chronic Hepatitis B Virus infection In Diyala Province                     | -34 |
| ماجستير / احياء مجهرية طبية | Association of human papillomavirus types 6.11.16.18 infections and antisperm antibody titer with infertile males in Diyala province                 | -35 |
| ماجستير / احياء مجهرية طبية | Impact of miRNA (146a,149a,196a) Polymorphism of Antibody Response to Hepatitis B Vaccine                                                            | -36 |
| ماجستير / احياء مجهرية طبية | Level of some inflammatory parameter as a prognostic Factors in the Development of Systemic Inflammatory Response in Burn Patients .                 | -37 |
| ماجستير / احياء مجهرية طبية | Level of Anti HBs Ab Among Children After Receive HB Vaccine                                                                                         | -38 |
| ماجستير / احياء مجهرية طبية | Immunological and Molecular Study of Giardia lamblia in Patients with Diarrhea                                                                       | -39 |
| ماجستير / احياء مجهرية طبية | Detection of Toxoplasma gondii By ELISA and RT-PCR in Aborted Women in Baqubah City                                                                  | -40 |
| ماجستير / احياء مجهرية طبية | Tumor Markers and Some Hematological Factors as Diagnostic Signs for Early Diagnosis of Female Breast Cancer                                         | -41 |
| ماجستير / احياء مجهرية طبية | Mycological Causes of Diarrhea among children in Diyala                                                                                              | -42 |
| ماجستير / احياء مجهرية طبية | Comparative study for children infected and non-infected by Roseola infantum using ELISA technique for detection antibody IgM,igG in Diyala province | -43 |
| ماجستير / احياء مجهرية طبية | Molecular detection of meropenem resistance genes in Acinetobacter baumannii isolated from post-operative patients                                   | -44 |
| ماجستير / احياء مجهرية طبية | Evaluation of Some Biomarkers and BRCA1 Mutation in Iraqi Females with Breast Disease                                                                | -45 |
| ماجستير / احياء مجهرية طبية | Detection and Genotyping of Respiratory Syncytial Virus and Human Metapneumovirus Among children With Respiratory Tract infection                    | -46 |
| ماجستير / احياء مجهرية طبية | Detection of Candida Species Phenotype and Genotype In Diabetes Mellitus Patients In Baquba Teaching Hospital                                        | -47 |
| ماجستير / احياء مجهرية طبية | Evaluation of erbb2 Gene polymorphism in Relation with Serum Levels of Soluble HER-2 and Interleukin- 2 in Women with Breast Cancer.                 | -48 |

|                             |                                                                                                                         |     |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------|-----|
| ماجستير / احياء مجهرية طبية | Serological Study on Hepatitis G Virus among Patients and Risky Groups in Diyala Province.                              | -49 |
| ماجستير / احياء مجهرية طبية | Molecular Detection of Some Entamoeba Species from Diarrheic Patients in Baqubah -Iraq                                  | -50 |
| ماجستير / احياء مجهرية طبية | Detection and Genotyping of Human Bocavirus among children with Lower Respiratory Tract Infection in Baghdad City)      | -51 |
| ماجستير / طب اطفال          | Anemia in children, the prevalence and contributing factors in Al-Batool Teaching Hospital Diyala Governorate)          | -52 |
| ماجستير / طب اطفال          | Comorbidities of Phototherapy Used in Neonatal Jaundice in Diyala Governorate -Iraq                                     | -53 |
| ماجستير / طب اطفال          | Relationship of Febrile Convulsion with Serum Sodium and Hemoglobin Level                                               | -54 |
| ماجستير / طب اطفال          | Assessment of Serum Uric acid and Highly Sensitive C-Reactive Protein with Acute Neonatal Respiratory Distress Syndrome | -55 |
| ماجستير / طب اطفال          | Causes of Meningitis in Children in Al-Batool Teaching Hospital/ Diyala Governorate / Diyala/ Iraq                      | -56 |
